## NAGAE-SIKI CO., LTD.

<b>Address</b>	2-16-9 Takayama-cho, Kasugai-city, Aichi 486-0912, Japan
<b>Tel</b>	+81-568-31-5887
<b>Email</b>	akira.n@nagae-siki.co.jp
<b>Website</b>	<a href="http://www.nagae-siki.jp/">http://www.nagae-siki.jp/</a>
<b>Contact Person</b>	Akira Nagae
<b>Capability Category</b>	Shipping boxes and Container Cutting tool
<b>Representative</b>	Akira Nagae
<b>Sales Amount</b>	US\$3,400,000
<b>Capital</b>	US\$100,000
<b>Employees</b>	37
<b>Established</b>	in 1979
<b>Group Name</b>	 nTECH inc. (Tool sales / Staffing agency for engineer)
<b>Major Customers</b>	Mitsubishi Heavy Industries, Ltd. Mitsubishi Heavy Industries Aero Engines, Ltd. IHI Jet service

### Business Overview

We are carton/wood boxes and container, cutting-tool manufacture.  
Regardless of corrugated boards, it was extracted in 1967 focusing on the corrugated technology to the corrugated board with various shock absorbing materials.  
Using these technologies, we have developed and supplied the shipping boxes and containers to MHI and IHI of AEROSPACE industries.  
Since 2017, we have established the cutting tool division for AEROSPACE industries.  
It is a dedicated cutting tool from design, development to produce for superalloys such as Inconel, Waspaloy and Titanium so on.

### Products · Materials · Part Sizes · Facilities & Equipment

- 1) Shipping boxes and container by corrugated board and/or wood
- 2) Cutting tool for heat resistant material

### Our Strength

- a: On Demand design and product
- b: Small quantity
- c: Short lead time from design to release

### Needs we can correspond / Business partners we want

- Part machine manufacturer for hole making process  
Study and development of cutting tool for heat resistant material

### Office & Plants

- 2-16-9 Takayama-cho, Kasugai-city, Aichi 486-0912, Japan
