

Company Profile

Sunjushi.Co., Ltd.

Address	14-1 Oshima Mutsushi, Kitanagoya, Aichi 481-0001, Japan
Tel	+81-568-27-3014
Email	akira-takanezawa@sunjushi.co.jp
Website	http://www.sunjushi.co.jp
Contact Person	Akira Takanezawa
Capability Category	The manufacture of plastic parts and composite material parts for aviation space and defense The manufacture of plastic, rubber and metallic products for machine and device Tool design and manufacture of products for machine and device

Representative	Taro Isomura
Sales Amount	522million yen
Capital	9million yen
Employees	46 (as at September 2021)
Established	1985
Certification	JIS Q 9100:2016(AS9100D&EN9100:2018)/ISO9001:2015
Major Customers	Mitsubishi Heavy Industries, Ltd. Fujiwara Co. Ltd. Churyo Engineering Co., Ltd. NOF CORPORATION. SANKO MFG Co., Ltd. ShinMaywa Industries, Ltd. Tamagawa Seiki Co., Ltd.

Business Overview

Sunjushi is a processing manufacturer specializing in plastics.
We can manufacture plastic parts at least one without metal mold by machining, plate processing (bending, bonding, welding) technology.
We are good at manufacturing small quantities of prototypes, jigs and parts of small lots.
We propose materials suitable for the application in cooperation with the material manufacturer.

Products · Materials · Part Sizes · Facilities & Equipment

【Wide range of materials】

We use materials from commodity plastics to thermoplastic resin such as super engineering plastics and thermosetting resin; Bakelite, CFRP etc.

【Facility & Equipment】

5-axis NC machine tool (INTEGREX i-200)
Machining Centers (FANUC)
General purpose lathe, Combined lathes
Numerical control routers

Our Strength

【Integrated processing】

Machine, bend, glue and weld various kinds of plastics.
Also purchase metals and rubber parts, and assemble them.

【Factory of temperature control】

Our factory is kept the temperature stable (25°±2°(measured value))

【Processing every material】

We process not only CFRP, but also materials under development.

【Stable supply】

Promise to provide goods over a long period by balanced age structure from well-experienced employees to young employees. (The workers' average age : 33 years old.)

Needs we can correspond / Business partners we want

Precision machining general equipment mainly for aerospace industries and automobile parts from small to large size.

Designing and manufacturing of jigs and tools for the above purpose.

High quality, perfect delivery, stable supply, cost competitive. We are next generation Japanese manufacturing.

Office & Plants

Head office: 14-1 Oshima Mutsushi, Kitanagoya, Aichi, 481-0001, Japan
