

Company Profile

SANKO MFG CO., LTD.

Address	23-9, Yasumatsu, Shippo-cho, Ama, Aichi 497-0011, Japan
Tel	+81-52-442-0569
Mobile	+81-90-1232-4269
Email	info@sankomfg.co.jp
Website	http://www.sankomfg.co.jp
Contact Person	Kiyoshi Okumura Kiyonori Okumura
Capability Category	Functional Component, Equipment Part Machining (Airframe) Part Machining (Engine) Tooling, Jigs, GSE

Representative	Kiyoshi Okumura
Sales Amount	US\$6.5 million (\$1=¥110)
Capital	US\$0.27 million (\$1=¥110)
Employees	50
Established	1956/March/8th
Certification	ISO 9001, JIS Q 9100
Major Customers	Mitsubishi Heavy Industries, Ltd. Aichi Tokei Denki Co., Ltd. Daicel Corporation

Business Overview

We offer machining service. Customer provides us with drafts that they want to, then we machine the products with customers requests.

Products · Materials · Part Sizes · Facilities & Equipment

aerospace parts (Engine, Valve, other functional products)

Large 5-axis machining center	3 units	NC lathe	8 units
Machining center	12 units	NC vertical lathe	3 units
NC jig borer	3 units	NC wire-cut EDM	5 units
Universal jig borer	1 unit	NC wire-cut machine	4 units
Large NC lathe	5 units	Gun drill	2 units

Our Strength

Specialized in machining heat-resistant alloy, such as Inconel and Titanium.
We have long experience more than 45 years. Haynes and Waspalloy are also adaptable.

Needs we can correspond / Business partners we want

We can correspond to machining aerospace products especially engine parts.
Developing parts are also welcome.

Office & Plants

3-9, Yasumatsu, Sippo-town, Ama-city, Aichi, Japan
